SUMMARY

10+ years shipping B2B fintech products across APAC in payments and credit. Built and led product teams from scratch across startups and growth stage companies. Most recently co-founded a yield infrastructure platform growing to \$20M AUM. Based in Melbourne, Victoria with full work rights; currently traveling but available for immediate hybrid/remote start.

WORK EXPERIENCE

Co-founder & Head of Product, Foundation (Fintech Infrastructure) Mar 2024 – Present | Remote

- Built a stablecoin from the ground up — grew TVL to \$20M and 5k MAU in under a year
- Designed the yield architecture across money markets and lending venues, managing collateral allocation and peg stability across multiple liquidity pools
- Ran liquidity operations end-to-end: redemptions, rebalancing, and keeping the peg intact under real market conditions
- Took the product into payment rails — established card partnerships with Diners Club Singapore and Visa and Mastercard affiliated partners

Product Lead, Spenmo YC S20 (Fintech SaaS) Nov 2021 – Jul 2022 | Singapore

- Led the 0 to 1 credit product, converting debit clients onto credit
- Rolled out Mixpanel across all squads, introduced Braze for lifecycle marketing and established feature flags and A/B testing org-wide
- Scaled the product function by hiring and onboarding PMs, setting analytics standards and building operating rhythms that stuck

Co-founder & Head of Product, Dirac AI Oct 2020 – Sep 2021 | Singapore

- Built a B2B sales intelligence platform in APAC competing with tools like Gong and Chorus
- Led product and GTM strategy end to end and launched successful pilots with YC startups including Volopay

Head of Product, Empala, Antler SG4 (Fintech) Mar 2020 – Sep 2021 | Singapore

- Took a wage access product from zero through discovery, regulatory clearance, payroll partner integrations and full launch in market

Director of Product, Vincere (B2B SaaS / HR Tech) Jul 2019 – Feb 2020 | Vietnam

- Led global product strategy for a B2B SaaS ATS platform serving recruitment firms managing multiple end-client relationships
- Owned the full roadmap reporting directly to the CEO and board with visibility across all product decisions
- Managed a cross-functional team of 20 across product and engineering and drove delivery across multiple product lines
- Pushed the product from reactive feature work into a more structured roadmap and discovery process

Founder & Head of Product, Answerbuddy

Jan 2018 – Jun 2019 | Remote / Vietnam

- Founded a conversational AI startup building dialogue agents and chatbots before the mainstream transformer era
- Closed enterprise contracts including Oppo delivering customer support automation at scale

Senior Product Owner, Navigos / En-Japan (HR Tech)

Aug 2017 – Jul 2019 | Vietnam

- Built and launched 3 products from scratch for En-Japan's Vietnam portfolio
- Cut time to market from 12 to 3 months, saved \$150K per initiative and grew revenue 25% across launches
- Led a cross-functional team through full product cycles from discovery through to release

Product Manager, Paymentwall (Global Payments)

Aug 2014 – Jun 2017 | Vietnam

- Managed integrations with regional payment methods across APAC and scaled global payment infrastructure
- Worked closely with local payment partners across the region to support merchant growth
